Thank you. 1 MR. BERUFF: I'd like to 2 welcome everybody to the 2017-2018 Constitution Revision Committee, commonly known as the CRC. 3 My name is Carlos Beruff and I was appointed by 4 5 Governor Rick Scott to chair this commission. 6 It's actually pretty neat to talk to people. 7 Listening is a lot more fun than talking. So 8 this is our second meeting. Our first was in 9 Orlando. We had a great turn out and we hope 10 that we have lots of people who want to come 11 and talk to us because this is the most simple 12 process for a citizen to make a difference and 13 change the Constitution of Florida, unique to Florida. I'd to thank Florida International 14 15 University for hosting us in this wonderful 16 setting and for all the work that you did in 17 preparing for this meeting. I was born in 18 Miami, so I'm pretty familiar with the area. Ι 19 used to fly airplanes here 50 years ago when 20 there was an airport. A long time ago. 21 We are here to listen to you. That's the

21 we are here to listen to you. That's the 22 only thing we're here to do today. And we will 23 go to these meetings across the state and we'll 24 start formulating what's important to 25 Floridians. The CRC was established -- this DOWNTOWN REPORTING, LLC.

(954) 522-3376

The third meeting in 40 years. 1 is. Prettv 2 But I like it because you can cut unique. 3 through all the nonsense and speak to this 4 group of people, these commissioners, who will 5 represent you in anything that makes a difference in the future of Florida like 6 7 changing the Constitution and -- it all about. 8 If you'd like to submit anything to us, we have 9 an email address and all of those things, but 10 it's sort of much nicer to hear, you know, with 11 your own words. We also have translators here 12 that will -- for those of you who want to speak 13 to us and don't want to speak in English, if 14 you want to speak in other language except 15 Spanish, they will be happy to participate. 16 There's two microphones in the room, one on 17 each aisle. When you come up -- I'm going to 18 call you in groups of three and then we can 19 keep the flow moving. Other than that, welcome. And I am going to be turning it over 20 21 for the invocation to Commissioner Levesque. 22 AUDIENCE: Mr. Chairman, can we have 23 someone in Spanish make a clear --24 MR. BERUFF: Do we want to translate what 25 I just said into Spanish? DOWNTOWN REPORTING, LLC. (954) 522-3376

All right. Are we good now? I think we're good. So, for invocation we'll go to Commissioner Levesque.

4 MS. LEVESOUE: Thank you. Dear Heavenly 5 Father, thank you so much for this day. We 6 thank you for your blessings and your mercy and 7 for the health and creation and mind that 8 you've given to us. I ask that you bless the 9 commission hearing this evening, and the 10 commissioners, give us open hearts, give us 11 open minds to listen to the public testimony. 12 I ask that you bless every single individual 13 who comes to share and give us input into this 14 process. Bless them for taking the time out to 15 engage in this civic discourse. Thank you for your many blessings, and I just ask all these 16 17 things in your name. Amen. 18 MR. BERUFF: Now if we can all stand for 19 the Pledge of Allegiance. Thank you. 20 (Thereupon the Pledge of 21 Allegiance was recited and the 22 proceedings continued as 23 follows:) 24 MR. BERUFF: I'd like to take a moment and 25 introduce, starting to my right, the DOWNTOWN REPORTING, LLC. (954) 522-3376

To my left, everybody knows our famous Commissioner Bondi, 5 6 Commissioner Smith, Commissioner Cerio, 7 Commissioner Coxe, Commissioner Gainey. And 8 then behind me from right to left we have Commissioner Armas, Commissioner Martinez, 9 Commissioner Gaetz, Commissioner Schifino, 10 11 Commissioner Kruppenbacher, Commissioner 12 Newsome, Commissioner Nunez, Commissioner 13 Stewart, Commissioner Solari, Commissioner 14 Thurlow-Lippisch, Commissioner Timmann, Commissioner Carlton, Commissioner Donalds 15 16 twice because I missed her last week, Commissioner Joyner, Commissioner Stemberger, 17 18 and Commissioner Levesque. Thank you all for 19 being here today. I know it's a lot of 20 traveling. would be great. And you have two minutes. 1 2 MS. VERDUGO: Mr. Chairman, members of the commission, I am Ashley Verdugo, social media 3 director of Christian Family Coalition in 4 5 My organization represents half a Florida. million fair minded, pro-life, pro-family 6 7 The original intent of Article 1, voters. 8 Section 23 of the Privacy Clause of the Florida 9 Constitution which I'm sure you're aware of 10 approved by the Florida voters was to protect 11 themselves from the government's ability to 12 gather personal information through technology. 13 In 1989 the Privacy Clause was used as an excuse to create a fundamental right to 14 15 abortion for minors. The Florida Supreme Court 16 engaged in judicial acronysm [SIC] by ignoring 17 the original intent and the will of the people. 18 Now all of you as members of the Constitutional 19 Revision Commission have the opportunity to 20 remedy this great injustice. Article 1, 21 Section 21 of the Florida Constitution clearly 22 states, all political power is inherent with 23 the people. Article 1, Section 21 of the 24 Florida State Constitution clearly states, all 25 political power is inherent with the people. DOWNTOWN REPORTING, LLC. (954) 522-3376

This was not the case in 1989 when the clause 1 2 was misused and created a faith right to abortion and has not been the case since. 3 It is time to return the political inherent power 4 5 Thank you. back to the people. 6 MR. BERUFF: Thank you. Mayor Greg Ross 7 and -- I don't want to mispronounce this, 8 P-I-Y-U-S-H, Agrawal will be after that, thank you, and after that Susan Windmiller. 9 Go 10 ahead. 11 MR. ROSS: Good evening. I'm Greg Ross, 12 Mayor of Cooper City, located in Broward County 13 and president of Broward League of Cities. It 14 is my pleasure to be here tonight representing 15 the 31 cities in Broward County, as well as the 16 412 cities of the Florida League of Cities. Ι 17 would like to thank each and every one of you 18 for your service as a member of the State 19 Constitution Revision Commission. Your 20 commitment to serve our state as a commissioner 21 is truly admirable and very much appreciated. 22 It is great to see Commissioner Smith whom I've 23 had the opportunity with -- excuse me -- the 24 opportunity to work with over the years. I do 25 stand before with one goal that Florida's DOWNTOWN REPORTING, LLC. (954) 522-3376

municipalities want you to know is our priority 1 2 as it relates to the Florida Constitution, that 3 is to protect and preserve our home rule 4 authority. We believe that local control and 5 the concept that government closest to the people governs best. Since 1968 home rule 6 7 powers have been a part of our state Constitution. Local elected officials are 8 9 unique in that the services and operations we 10 govern are the foremost concerns of our 11 residents. Public safety, parks, recreation, 12 solid waste, zoning, et cetera are all 13 components of our resident's daily lives and we 14 are proud to deliver quality products and 15 services that meet the unique needs of each of 16 our cities. Florida cities offer many choices 17 to citizens and this is one of the reasons why 18 people move to our great state. From the 19 southern end of our state, Key West, to the 20 northern city of Destin, our cities offer 21 varying lifestyles. This is not by accident. 22 It occurs because local government that best 23 represents a community's values, culture, and 24 vision. In practice no harm has been 6 done yet in the State of Florida despite the 7 existence of the phrase, and I quote, except 8 that the ownership, inheritance, disposition 9 and possession of real property by aliens 10 ineligible for citizenship may be regulated and 11 prohibited by law. open meetings and open records. After all, 1 2 we're the sunshine state, where we do business 3 in the sunshine. It is absolutely vital that 4 the CRC now act with complete commitment to 5 transparency, that all activities and records 6 be open, and that you act with full knowledge 7 of your responsibility to ensure maximum public 8 participation. That means that meetings and 9 hearings and opportunities for public input 10 must be scheduled with ample time to ensure the 11 most public participation. Once your proposals 12 are crafted, they must be made available to the 13 public with time again for the opportunities to 14 review and comment before any votes are cast on 15 ballots. Mr. Chairman and commissioners, we 16 are watching, the League of Women Voters and 17 all our partners across the great State of 18 Florida and all of our citizens. We are 19 encouraging all Florida voters to be involved 20 and regularly visit your website, flcrc.gov, 21 for announcements of meetings, proposals, and 22 commission activities. Ultimately government 23 of, by, and for the people works when the 24 leaders open their doors to the public. 25 MR. BERUFF: Thank you. The next three DOWNTOWN REPORTING, LLC.

While you're coming up to the podium, I 3 don't want to take your time in your two 4 5 minutes, so we appreciate your thanks for us 6 participating in this process, but it's the job 7 we signed for, so if you want to get directly 8 to your subject, it's better for you and for Thank you. 9 us. I'm here 18 today to speak in support of two tobacco 19 control related amendments. Article 10, 20 Section 20 of the Florida Constitution was 21 passed in 2002 by more than 70 percent of 22 Florida voters. The amendment prohibits 23 smoking in most indoor work places including 24 restaurants. Prior to the implementation of 25 this amendment, each stating nearly 800,000 DOWNTOWN REPORTING, LLC. private sector employees, nearly 2 million 1 2 diners, and about 1 million restaurant 3 employees were exposed to second hand smoke. Making most indoor work places in the state 4 5 free from tobacco smoke has improved public 6 health for workers and patrons. Article 10, 7 Section 27 was passed in 2006 by more than 60 8 percent of Florida voters. The amendment mandates that the state allocate a portion of 9 10 tobacco settlement money for tobacco 11 prevention. Most of you are probably familiar 12 with the resulting program called Tobacco Free In 2006 the adult smoking rate was 13 Florida. 14 21. In 2016 it was down to 15.8 percent, the 15 lowest it has ever been. Since Tobacco Free 16 Florida was created, the youth smoking rate has decreased from 10.6 percent in 2006 to 3 17 18 percent in 2015; that's an astounding 71 19 percent decrease. While the program has made 20 remarkable progress, smoking remains a leading 21 cause of preventable disease and death and 22 7,400 Floridians continue to become smokers 23 each year. ASCCAN stands ready to provide 24 additional information as needed. Thank you. 25 MR. BERUFF: Thank you. Cynthia. DOWNTOWN REPORTING, LLC. (954) 522-3376

Yes, Cynthia Wheeler. 1 MS. WHEELER: I'm 2 here to ask that you abandon or modify Article 5, Section 12 of the Florida Constitution 3 4 related to confidentiality of complaints and 5 judicial misconduct. Bad judges are past 6 around like pedophile -- they start in criminal 7 court and if they show out there, they transfer 8 them to family court where there are no 9 recorders, then they transfer them to juvenile 10 Five years, 2,000 cases, 2.2 million court. 11 dollars and kick backs -- two judges sentenced 12 to prison for 28 years for selling kids to a 13 juvenile correction facility. There are red 14 flags, but those red flags were held behind the confidentiality extended to complaints of 15 16 judicial misconduct. And to this day those 17 judges are in prison, but we don't know why 18 Pennsylvania Board of Judicial Misconduct 19 didn't address those issues. If those issues 20 were before the public, we would have put --21 connected the dots sooner. Florida has the 22 same confidentiality in its Constitution and we 23 need to have more transparency. We can protect 24 judges by providing a confidential -- to each 25 judge for which the -- is the keeper of the DOWNTOWN REPORTING, LLC. (954) 522-3376

record and publish that the judge has 1 1 2 complaint or 100 complaints. We don't know. We have to trust that the JQC is doing their 3 4 job, and the JQC has surreptitiously modified 5 The JQC Investigative Florida's Constitution. 6 Panel is the only panel with the authority to 7 determine -- it is composed of 4 judges, 2 8 attorneys, and 3 citizens. They have changed 9 it to screening staff from 2012 JQC report to They didn't do one in 2013. 10 the 2014. I have 11 that in here for you all to screening staff. And when you put on your critical thinking 12 skills and deductive reason, it's the 2 13 14 secretaries. Now, that panel is 4 judges and 2 attorneys because the greater -- knowledge is 15 16 required. For judges they have -- an attorney may only posses knowledge of one or two areas 17 18 in which they practice. Now, the JQC hands 19 aren't clean. This is hidden away in reports 20 that we do not read and we need to have it. Ι 21 have developed a method and a sample of how we 22 can preserve judges without defaming them, but 23 also allowing the public to see if a judge has 24 300 complaints or 30 complaints. There's only 25 been 850 cases is the most complaints the JQC DOWNTOWN REPORTING, LLC.

4	we need that transparency. I have all the
5	statistical data here for you.
6	MR. BERUFF: Okay. If you'd leave that
7	with us, that'd be great. And your name is on
8	it. Thank you, Cynthia. Ms. Fernandez.
9	MS. FERNANDEZ: Good evening. Maggie
10	Fernandez, super voter. Mr. Chairman and
11	members of the commission, so in 2008 I was
12	actually staffed to Miami-Dade County's Charter
13	Review Task Force, so I understand the amount
14	of pressure and the huge responsibility that
15	you all have to the people of Florida through
16	this process. And I want to reiterate that
17	you are accountable to the people of Florida.
18	So I'm just going to throw it all out there,
19	let this serve as a heads up, the people of
20	Florida will not stand for voter
21	disenfranchisement, changes to their districts,
22	school vouchers for the judiciary, the
23	weakening of home rule, attack on my

just spoke about are an attack on our 1 2 democracy. So -- wrong page. Okay, here we Sorry. So -- I thank you -- okay, so the 3 qo. 4 people of Florida will not stand for that. You 5 will be investing a huge amount of time on the commission and I thank you for that, but I want 6 7 you all to be successful. Right? They were 8 successful at the last one. So I encourage you 9 to propose amendments that protect fair districts, that expand voter rights, that 10 11 protect the environment and increase renewable 12 energy, that protects public schools, that 13 protects home rule, that protect -- judiciary, 14 and protect my reproductive rights. So 15 anything that endangers those things endangers 16 democracy. And I promise that we will fight 17 really hard if there's any questions that go 18 against the things that I am speaking about, so 19 thank you. 20 MR. BERUFF: Thank you very much. John 21 Amon, I think I -- John Amon, Karen 22 G-H-S-H-T-A --23 MS. GUSHTA: Gushta. MR. BERUFF: -- Gushta, thank you, and 24 25 Kathy Pelton. DOWNTOWN REPORTING, LLC. (954) 522-3376

Thank you. I'm John Amon, 1 MR. AMON: 2 president of Broward Right to Life which advocates for the interest of the unborn child 3 and his or her parents, all of whom are 4 5 victimized by abortion in our state, which by 6 the way is the leading cause of death in 7 Florida. I'm here because Florida's privacy 8 amendment, Article 1, Section 23 has been 9 misapplied to Abortion, the topic -- the CRC 10 and the people of Florida never intended when 11 it was approved in 1980. The CRC needs 12 therefore I think to restore it to its proper 13 historical meaning and there's no ambiguity 14 about what that is. Approved by the people in 15 1980, this provision first became applicable 16 wrongly to Abortion in 1989 with Florida's 17 liberal activist supreme court commandeered the 18 amendment establishing a precedent followed 19 ever since in the courts to limit the public's 20 right -- excuse me -- in direct violation of 21 the purpose for which this amendment was 22 drafted and in direct violation of the will of 23 Florida voters. Now, how do we know this? 24 Well, let me quote the Florida Supreme Court on 25 this subject, in 1987 the state high court DOWNTOWN REPORTING, LLC. (954) 522-3376

ruled in -- South Florida blood that, quote, 1 2 there can be no doubt that the Florida amendment was intended to protect the right to 3 determine whether or not sensitive information 4 5 about -- will be disclosed to others. And the 6 court went on to say that the proceedings of 7 the Constitution Revision Commission repeal 8 with the right to informational privacy was a 9 major concern of the amendments drafters, not 10 However, the state high court Abortion. 11 without a basis in law commandeered and 12 hijacked this provision and used it to place 13 Abortion beyond the will of voters. That is 14 why I urge the CRC to revise the language of 15 Article 1, Section 23 to ensure it reflects the 16 will of the voters as passed originally. Thank 17 you. 18 MR. BERUFF: Thank you. 19 MS. GUSHTA: I'm Karen Gushta from

20 Margate, Florida and I'm speaking here as a 21 private citizen. I'm here to ask the CRC to 22 restore privacy amendment to its original 23 purpose. The clear intent of the Florida 24 legislature and the citizens of Florida who 25 adopted Article 1, Section 23, the so-called DOWNTOWN REPORTING, LLC.

(954) 522-3376

privacy amendment, was to provide protection 1 2 from government's intrusive power to gather personal information and data. 3 As Chief Justice Ben Overton stated in 1977 at the 4 5 opening session of the CRC, there is public 6 concern about how personal information 7 concerning an individual citizen is used, 8 whether it is be collected by government or by 9 business. And Representative John Mills, the 10 legislative sponsor of the privacy amendment --11 solution stated, the goal is to provide 12 individual and informational privacy, the 13 bigger government gets, the more it tends to 14 collect information on people. Yet today these 15 concerns are even greater than 1977. We see 16 examples of privacy issues like surveillance, 17 drones, computer hacking, smart phones being 18 monitored, et cetera. However, the Florida 19 Supreme Court betrayed the people of Florida in 20 1989 by subsequently interpreting this article 21 to create a fundamental right for a minor to 22 kill her baby. In doing so the court violated 23 and disrespected an act of direct democracy by 24 the people of Florida. Therefore, I'm 25 requesting the CRC to fix the privacy amendment DOWNTOWN REPORTING, LLC.

3	citizens of Florida. Thank you.
4	MR. BERUFF: Thank you.
5	MS. PELTON: Good evening, or good
6	afternoon I should, CRC. Committee members, my
7	name is Kathy Pelton and I am the Florida
8	director for Grey2K USA. We are a organization

10	Article 7, Section 7 of the Florida
11	Constitution talks about the distribution of
12	taxes collected from para-mutual facilities
13	which may be given to various counties in
14	Florida. The problem is Florida now spends
15	more money regulating live greyhound racing
16	that than they collect in taxes and fees.
17	This just doesn't make sense. To be more
18	specific over the last 26 years taxes and fees
19	collected by the State of Florida for live
20	greyhound racing have gone from \$76 million in
21	1990 to \$1.4 million in 2016. That is a
22	reduction of 98 percent. Currently we have 40
23	states that have banned greyhound racing.

in Florida, we haven't done it yet. 1 I have 2 been actively working to end greyhound racing in Florida for 15 years. I know that the vast 3 majority of Florida residents understand the 4 5 inherent cruelty of this industry. And I am 6 also aware that almost every major Florida 7 newspaper has written scathing editorials about 8 this industry. You are now in the position to 9 put greyhound racing before the Florida voters 10 and let them decide once and for all if they 11 want this cruel, money losing industry in their 12 state.

13MR. BERUFF: Thank you so much. Tom14Walker, Bonne Daniels, Pedro Andallo. Thank15you.

Hello. I'm Tom Walker from 16 MR. WALKER: Deerfield Beach, Florida and -- you know, our 17 18 Constitution has a tendency to drift from its 19 original intent as the judiciary response to 20 legislative and appellate activity. These 21 periodic reviews that you do, they provide an 22 opportunity for us to correct that drift. Now, 23 I'm here to address a specific example in 24 Article 1, Section 23, commonly known as the 25 privacy clause. This was reviewed by the CRC DOWNTOWN REPORTING, LLC.

in 1978, approved by the voters in 1980. 1 Now, 2 all of the discussion at that time and all the debate regarding this section focused on 3 4 informational privacy; that wasn't the purpose. 5 The need to protect the public from privacy 6 intrusion has obviously increased. All you 7 have to do is watch the news to see what's 8 going on out there. And we do need to review 9 this to be a lot more specific. We need to 10 build in language that expands the protection 11 from what we understood back in 1978 about 12 protecting privacy through what we understand 13 We're here to request that review of that now. 14 section. At the same time we're requesting a 15 typing of the language because as it's been 16 pointed out a couple of times, the language is 17 so broad that basically it can be applied to 18 almost anything. In 1989 the section was 19 actually used to support the right of a minor 20 to abort the -- to abort her child over 21 parental objections. The language is so broad 22 that it allows even that interpretation of 23 meaning, from informational privacy to Abortion 24 privacy. Well, the door's been left open and 25 we don't know where else this particular DOWNTOWN REPORTING, LLC. (954) 522-3376

section can be interpreted. But you have the opportunity to go back and review it, tighten it up, be specific about what it means to make sure that we don't create any more new rights inadvertently. We want to close that door. Thank you.

MR. BERUFF: Thank you, Mr. Walker. Yes, ma'am.

9 MS. DANIELS: Yes. I'm Bonnie Daniels and 10 I'm here today to ask you to right a 150 year 11 old wrong. I'm referring to Article 6, Section 12 4 of the Florida Constitution which takes away 13 the right to vote for life from anyone ever convicted of a felony -- was born of racial 14 15 bigotry. It was written into our state Constitution in 1868, just after the Civil War, 16 17 with the expressed purpose of disenfranchising 18 newly freed black slaves who at that time 19 compromised nearly 49 percent of our state's 20 population. White Floridians feared that the 21 black population would outnumber and outvote 22 them. Many states had similar provisions in 23 their Constitutions and laws, but today 24 Florida's stands out as one of only 3 states 25 that still claims to this shameful and DOWNTOWN REPORTING, LLC.

(954) 522-3376

counterproductive regime which is responsible 1 2 for currently disenfranchising an estimated 1.7 million Floridians, a disproportionate number 3 of whom are black. The racist genesis of this 4 5 provision and its persistently discriminatory 6 affect are reason alone to abandon it, but 7 there are also compelling basic feminist and 8 social policy reasons for doing so. First, the 9 provision violates the implicit social compact 10 in our criminal justice system that regards a 11 person who has committed a crime and served his 12 or her sentence as having paid their debt to 13 society. This provision imposes a harsh, 14 additional, and extra judicial lifetime 15 punishment beyond what the criminal law has seemed fit to impose. Second, this provision 16 17 is unjust and immoral. It violates the nearly 18 universal belief that everyone deserves a 19 second chance. Finally, this provision is 20 totally -- productive to forever stigmatize 21 people who have committed felonies by branding 22 them as unfit to vote, inhibits their 23 rehabilitation and reintegration into society. 24 Indeed studies have shown that citizen rights 25 decline significantly among those who are DOWNTOWN REPORTING, LLC. (954) 522-3376

re-enfranchised. Our Constitution has been amended multiple times since 1868, but incredibly no prior revision commission has acted to abandon this provision. I hope that this commission will have the integrity, compassion, and perhaps even the sense of shame necessary to undo this law and take Florida into the 21st century. Thank you.

MR. BERUFF: Thank you.

10 Thank you. When my mother MR. ANDOLLO: 11 was pregnant with me her doctors told her that 12 I would be born different, that I would have 13 abnormalities, I would be disabled, and that I 14 would have a troubled life. And even though my 15 mother never thought about it, a lot of young 16 women who are in troubled pregnancies are 17 confronted with that and they're encouraged to 18 abort their. I don't think that anybody should 19 be aborted just because they don't fit our 20 definition of what is normal. Abortion affects 21 mostly minorities. There are some communities 22 where sex elected abortion is performed because 23 they prefer men to women. And inevitably 24 it's -- the vast majority of abortions happen 25 into poor families. I don't think that your DOWNTOWN REPORTING, LLC.

race, your social economic status, or your gender should determine whether or not you have a right to be born. I'd ask the commission to please consider putting a life beginning at conception amendment to the Florida Constitution so that we can protect the lives of all the unborn Floridians and make sure that democracy represents them too. Thank you.

9 Another thing that is important that is 10 important to me is I did come from a low income 11 household, and I was very grateful to my 12 church, and my family, and my community that I 13 was able to attend great catholic schools. Not 14 everybody has that opportunity and because of 15 where they happen to live, they may end up 16 getting a bad education. I think that Florida 17 should imitate the law that is currently in 18 place in Nevada where the education dollars are 19 allocated per student and the parents are 20 allowed to spend it however they choose in order to get their children the best education 21 22 possible. This is especially important for 23 people with disabled children to be able to 24 find the right providers that they need for 25 their children.

Florida is known as the 5 leading state for programs for support parental 6 empowerment in education, and the catholic 7 church has long held the parents are the 8 primary educators of their children. And as 9 such, parents are in the best position to know 10 and resource the unique academic needs for 11 their children. School choice programs such as 12 Florida Tax Credit and the McKay Scholarships 13 are very helpful to students and families and have served our schools well. 14 State scholarships offer hope and opportunity for 15 high quality education which for many families 16 17 might otherwise find to be just beyond their 18 grasp. I've work with a myriad of families, 19 hundreds of families over the past 12 years, 20 actually 16 years, but many of whom would not 21 have had the opportunity. I'd 8 like for you to first of all look at and to consider the Florida Blaine Amendment in 9 10 Article 1, Section 3. While the section 11 largely mirrors U.S. Constitution with its 12 establishment and free exercise clause, it also 13 contains what is known as a no-aide clause 14 indicating that no revenue of the state shall 15 ever be taken from the public treasury directly 16 or indirectly in aide of any sectarian institution. 17 18 MR. It is long overdue. 14 This amendment has already gained 70,000 15 signatures. It has passed through a -- the 16 system up to the supreme court and it is going 17 to be ruled on soon, and hopefully the language 18 will be accepted. We would ask that you 19 support it. And as you can see under our 20 amendment, we provide the ex-felons who have 21 finished all terms of their sentence, including 22 restitution, parole, and probation opportunity 23 to vote again. Those convicted of murder or 24 sexual offenses at this time will not be 25 included and they will have to follow the DOWNTOWN REPORTING, LLC. (954) 522-3376

But let's look at the present 1 present system. 2 system. According to the Constitution today every person convicted of a felony in Florida 3 4 is given a lifetime ban and may never vote for the rest of their life, unless they're 5 6 personally given clemency by the governor and 7 the parole board; and right now it's 1 by 1. And there are 1,500,000 people waiting, more 8 9 than 1,500,000 people who need this service. 10 They're not allowed -- they're not allowed to 11 participate in our most precious institutions 12 without the chance to vote. I would just like to 18 mention that out of 1,500,000 people who have 19 not been able to have their application 20 processed since many, many, years, how many of 21 them have died waiting in the process? 14 MR. BERUFF: Thank you. Yes, ma'am. 15 MS. LAWTHER: Thank you, Mr. Chair. Good 16 afternoon, members of the commission. My name 17 is Nancy Lawther and I have several 18 recommendations for you. First of all, please 19 retain Article 11, Section 3 on amending the 20 Constitution through citizen's initiative. 21 This is a complicated process, but an essential 22 one to ensure that the public retains a direct 23 voice in determining how it is governed. 24 Please retain as well any constitutional 25 provisions already added through citizen DOWNTOWN REPORTING, LLC.

(954) 522-3376

Speaking of the word paramount, 8 let me turn to Article 9, Section 1 of the Constitution which declares it to be a 9 10 paramount duty of the state to make adequate revisions for the education of all children 11 12 residing within its borders. I will make two 13 recommendations. One, change the first sentence of this section to declare the 14 15 education of children not a fundamental value, 16 but rather a fundamental right of the people of 17 Florida. And two, retain the word uniform in 18 the third sentence. Uniform does not mean that 19 every fifth grader is reading from a set page 20 in the same text book at 11:00 a.m. on a given 21 day. It does mean that in our state we do not 22 create insulated silos of learning where some 23 children are receiving adequate instruction and 24 others are not. 6 MR. WHITE: Good afternoon, Barry White. 7 I would like to add -- I'm not an attorney, I 8 don't know how this is done, but to the extent 9 that you can codify the state's commitment to 10 the environment in the Constitution, I would 11 encourage that be done. I don't think the word 12 environment occurs in the Constitution. The 13 only statement I could find is Section 7, 14 natural resources. It should be the policy of 15 the state to conserve and protect its natural 16 resources -- a provision shall be made by law 17 for the abatement of air and water pollution 18 and for the conservation and protection of 19 natural resources. It goes on to mention the 20 Everglades agricultural area. Those who cause 21 water pollution within the Everglades 22 protection area or the Everglades area code 23 shall be primary responsible for paying the 24 costs of abatement of evolution. But what 25 happens when that pollution is starting from DOWNTOWN REPORTING, LLC.

The nation's political fortunes run 1 order. 2 through Florida. Just watch the news. We do face challenges of course, and my fellow 3 4 citizens are bringing those to you in the form 5 of concerns about protection of human life, the integrity of family, and education. 6 This 7 commission is charged to examine the 8 Constitution and proposed revisions as if once 9 a generation of Floridians find a mysterious box left on their doorstop with the name 10 11 pandora on the address label. To use a policy 12 buzzword, it's full of unintended consequences. 13 To put it in the idiom of the old county of my 14 forbearers, which for many Miamians like me is about -- puede [SIC] ser [SIC] tremendo [SIC] 15 16 paquete [SIC]. Rather than a sensible self 17 corrective, this constitutional revision 18 process was inspired by Thomas Jefferson's 19 profoundly wrong idea that every law expires at 20 the end of 19 years, and it is a disaster 21 waiting to happen. Its continued existence is 22 a temptation to anyone with enough influence, 23 organization, and determination to pass 24 potentially far reaching laws that might not 25 otherwise make it through the usual channels. DOWNTOWN REPORTING, LLC. (954) 522-3376

Florida is an enticing political prize. 1 2 Although previous commissions have come and gone without calamity, how many more times are 3 4 we willing to make this wager? The ordinary 5 process and other methods of constitutional 6 amendment are more than adequate to foster the 7 common good and preserve liberty. These tools 8 are already contentious enough. Just in the 9 past 20 years we've seen amendments past and repealed, as well as questions on the same 10 11 matter placed on the ballot repeatedly. At a 12 time of extraordinary political acrimony, we 13 could stand to make our politics a bit more hum 14 drum. Therefore I propose that the constitutional revision commission process be 15 abolished. Let our politics become more 16 17 ordinary, hedged in by many rules, procedures, 18 customs, checks and balances. Let's not be 19 generational tyrants, but partners with our 20 ancestors and our posterity. Do this and then 21 go back to your homes and your work. City Attorney of Coral Gables. Honored to be here. I've submitted four amendments on four proposed topics to the CRC. I'm going to speak briefly on each of them.

5 First is on home rule. Obviously there 6 needs to be something done about home rule. 7 There seems to be a discord between the state 8 and local governments. There needs to be a 9 balance. As a local government attorney, I 10 think my focus is there always needs to be a 11 government that can address a problem. That's 12 what the police power is. Sometimes it's the 13 state on a uniform basis, sometimes it's a city 14 on a very specific basis. And I think it's 15 important that we preserve those principles of 16 home rule because ultimately I think it helps 17 the people.

18 The second topic is sovereign immunity. Ι 19 proposed a specific rule on sovereign unity 20 that will recognize it in the Constitution and 21 recognize it as an immunity from suit. This 22 will help local governments and the state 23 government be able to raise motions based on 24 sovereign immunity in state court and in 25 federal court and have those appealed DOWNTOWN REPORTING, LLC.

(954) 522-3376

immediately if sovereign immunity is denied. 1 2 The third topic is on the court system and its per curiam affirmances. 3 I -- about 75 percent of the decisions in Florida of the 4 5 appellate courts, the district courts of 6 appeal, are by per curiam affirmance which is a 7 decision with one word, affirmed. My view, and 8 I was the chair of the commission ad hoc 9 committee on per curiam affirmances for the 10 Appellate Court Rules Committee, and I've also 11 written a law review article on this topic that 12 will be in the FIU Law Review which I'll send 13 each of you, but I think that that's a real I think that court's should write 14 problem. 15 opinions. I think people expect that when they 16 go to the court system. And I also think 17 ultimately it helps ensure that when a decision 18 is made, that judicial restraint is followed, 19 that a reason is given for the decision, and 20 that it's high to the law that is written. Ι 21 think that that's very important. And I think 22 it also sets precedent for the future. 23 Finally, and this is one close to my 24 heart, my daughter has very severe autism. Ι 25 saw when I was looking at Article 1, Section 2 DOWNTOWN REPORTING, LLC. (954) 522-3376

of the Constitution that there's a provision 1 2 which says that there should not be 3 discrimination based on rights and it mentions 4 physical disability. I think that that should 5 also apply to cognitive disabilities. You 6 should add the word cognitive. I fight very 7 hard for my daughter all the time with 8 governments. The City of Coral Gables has 9 written a resolution on declaration for -- for children with disabilities. And I feel that it 10 11 would be wrong for me to stand here before you 12 and talk about all these things and not mention 13 this which is the closest to my heart. So I hope that you'll look at that proposed 14 15 amendment and consider it. Thank you. 16 MR. BERUFF: George MacArthur, Carin 17 Kahgan, I hope I pronounced that right, and 18 Jeff Hearne. consideration the passage on what is presently 1 2 formulated SJR 1332 or HJR 349, entitled: 3 Legislation by Initiative. One bill is 4 introduced by a Florida State Senator Torres, 5 the other by Representative Joseph Gellar. And 6 to follow-up on the comments of another speaker 7 who advocates retention of the right of the 8 people of the State of Florida to propose a 9 ballot to proposed amendments of the 10 Constitution. His proposal would provide a 11 petition vehicle for members of their Florida 12 elected to propose legislation to be considered 13 provided insufficient by language by the 14 Florida Supreme Court. It allows the people of 15 the State of Florida to speak their mind and 16 seek legislation, even if their elected 17 legislatures don't see fit to do so. I thank 18 you. 19 MR. BERUFF: Thank you. Mr. Hearne. 20 MR. HEARNE:

20 MR. HEARNE: Hi. My name is Jeff Hearne. 21 I'm the board member of the ACLU Miami Chapter 22 here locally. I'm going to talk about two --23 two positions that we would like the commission 24 to support.

One is that we're asking that the DOWNTOWN REPORTING, LLC.

commission do nothing to change the no-aide 1 2 provision in the Constitution. As you can --3 MR. NEWSOME: -- you said the no what? 4 MR. HEARNE: The no-aide provision which 5 prohibits funding of religious organizations. This has been in the Florida Constitution since 6 7 1885 and has worked well. It puts all 8 religions on equal footing. It applies to a 9 religious organization whether it's Christian, 10 Muslim, Jewish, or some other faith, so it 11 protects the religious liberties of all 12 Floridians. It protects Floridians from being 13 compelled to support religion that they do not 14 support, and that really supports the concept 15 of religious freedom. And most importantly in 2012 an amendment was placed on the ballot to 16 17 make a change to the no-aide provision and it 18 did not pass. For that reason it would -- it 19 would seem inappropriate to a few years later 20 to put this back on the ballot, so we request 21 that you make no changes to that provision. 22 The second point I want to make is one 23 that you've heard from already today. We're 24 asking that you support the amendment to allow 25 for the automatic rights restoration of felons DOWNTOWN REPORTING, LLC. (954) 522-3376

We're one of the four states that do not provide -who have permanent voting rights prohibition unless the governor provides clemency. And there's plenty reasons, fiscal, financial --

reasons to make a change, but most important it's the right thing to do. Thank you.

MR. BERUFF: Thank you. After this
speaker we're going to take a five minute break
so our stenographer can -- will rest her hands.
Thank you so much.

14 MS. LUCAS: I'm sure ya'll are glad about 15 having that break. I'm Teresa Lucas and I'm a 16 faculty member here at the School of Education 17 and Human Development at FIU, and I'd like to 18 suggest that we don't make suggestions towards 19 changing Article 1, Section 3, as the speaker 20 before me mentioned, and as I was also going to 21 mention Article 9, Section 1 which guarantees a 22 uniform public education for all students. 23 School choice is interesting, but it will never 24 reach all of our students. We need uniform 25 public education for all students. No -- no DOWNTOWN REPORTING, LLC. (954) 522-3376

high performing nation in the world has 1 2 privatized their education. The schools are not a business. Schools are a public right, a 3 uniform right for all children. 4 The only way 5 we're going to get there is by improving all of 6 our public schools and also working to improve 7 the social conditions in which our children are 8 living. In a business you want to make a 9 perfect marmalade, right? Well, we don't have 10 the choice of throwing out the bad 11 strawberries. We have to educate all of our 12 children. And the business with the profit 13 motive is not the way to do that. We need the 14 public service motive in education. 15 So I would suggest that you do not mess 16 with the two articles that I mentioned, Article 17 9 and Article 1 and keep our schools and 18 better -- so that we can better public 19 education. Thank you. Thank you. We'll take five 20 MR. BERUFF: minutes and then reconvene. 21 Thank you. 22 (Thereupon there was a brief 23 recess and the proceedings 24 continued as follows:) 25 MR. We're here to ask you to look 13 at the privacy clause. It needs to be changed 14 and fixed to go back to its original intent 15 which was informational privacy. Ladies and 16 gentlemen, Floridians spoke clearly through our 17 elected officials. We want parental 18 notification when our minor young -- when our 19 minor girls go get an Abortion. We spoke 20 clearly through elected officials, and 21 unfortunately it was -- this was hijacked by 22 judicial activists and this has become now like 23 the abortion clause for minors. It's sad that 24 something that was designed to protect me and 25 protect my privacy has now turned around and DOWNTOWN REPORTING, LLC. (954) 522-3376

taken away my rights as a parent. See, I'm 1 2 responsible for the health, for the welfare of 3 my minor children. The school has 7 to call me to give my daughter a Tylenol to get 8 my permission, but they don't need my 9 permission to take her to an Abortion clinic 10 and -- and have her face something that's 11 potentially life threatening. This is not the 12 will of the people. I don't think this was the 13 intent of the clause, Article 1, Section 23, 14 the privacy clause. This needs to be fixed, 15 needs to be changed, needs to be re-worded. It 16 needs to clearly state that it does not apply 17 to abortions, it's applied -- it's intended and 18 to be applied to informational policy. Thank 19 you. 20 MS. GAMEZ: Thank you. GAMEZ: Thank you Mr. Thorson. 7 MR. THORSON: Thank you. 8 MR. KENNEDY: Hi. I actually wanted to 9 address what I find to be some questionable 10 aspects of this whole process. So this 11 commission is extremely important in that it 12 can place revisions directly on the ballot and 13 it is crucial that this be done in clear view 14 of the public. We understand that you planned 15 your first meeting held on March 20 weeks in 16 advance, but you did not announce that meeting 17 until just two business days before. We hope 18 that going forward you will give the public and 19 your members ample notice so you can have the 20 maximum possible participation in this once 21 every 20 years process. At your March 20 22 meeting the chair without any previous notice 23 to the public and apparently even without 24 notice to commission members announced that 25 public hearings would begin the next week. DOWNTOWN REPORTING, LLC. (954) 522-3376

This gave members who are all busy 1 2 professionals who made scheduled commitments very little time to clear their schedules. 3 4 This is such an important process. Don't you 5 think that it's necessary to provide ample 6 notice to members and the public so as to have 7 the most participation possible? Also, the 8 chair has scheduled public hearings during the 9 legislative session putting the legislators who are on the commission, 5 of the 37 members, in 10 11 the difficult position of having to miss 12 legislative sessions or CRC meetings. The 13 timing also makes it almost impossible for 14 others engaged in the legislative session to attend to the public meetings. The harder it 15 16 is for people to participate, the less 17 participation there will be. Moving forward, 18 we urge you to schedule meetings and public 19 hearings at times that are fully vetted and 20 avoid built-in conflicts. We hope you're not 21 trying to limit the participation of members by 22 scheduling meetings at times that conflict with other public obligations. And lastly I want to 23 24 say that really guys, FIU on a Monday 6:00 p.m. 25 with Miami traffic? No -- no real public DOWNTOWN REPORTING, LLC. (954) 522-3376

MS. GAMEZ: -- just please remind you that when you come up to the microphone, please state your name before you begin to speak. Thank you. Winnie Tang, Tim Moore, and Luna Adachi.

5 MR. MOORE: Good evening, commissioners. 6 My name is Timothy Moore. Florida suffers from 7 partisan gerrymandering, largely unaccountable 8 legislature, and increasing polarization. The 9 cure, an independent re-districting commission. 10 Florida's democracy of competition within 11 districts, competitiveness of races, and seats 12 and votes that are proportional, yet startling 13 results in the 2016 election show this is not 14 the case in Florida. The state helps races. 15 52 percent of races have one major party that 16 over a majority. Out of the remaining races 17 where there are 2 major parties, only 6 of 57 18 were competitive. The democrats received 34 19 percent of seats, yet received 40 percent of 20 The republicans however received 66 the vote. 21 percent of the seats with only 60 percent of 22 the vote. The state senate 55 percent of the 23 races had only one party. Again, a majority of 24 these races with only one party. The U.S. 25 house races, again, a disparity amongst DOWNTOWN REPORTING, LLC. (954) 522-3376

proportion of votes. Democrats received 40 1 2 percent of the seats, yet received 46 percent of the vote. Republicans received 60 percent 3 of the seats, yet received only 53 percent of 4 5 And of the 27 races, only two were the vote. 6 This is not a democrat and this competitive. 7 is not a republican problem. This is a problem 8 for all Floridians because polarization pushes 9 the minority as well as the moderates out of 10 the way and has the legislature in the hands of 11 only those that are in the radical portion of 12 the majority. An independent re-districting 13 commission is the answer because as the League 14 of Women Voters litigation has demonstrated, the legislature is either unwilling or unable 15 16 to meet its constitutional duty and draw fair 17 districts for Floridian voters. In my closing 18 seconds I'd like to cover some of the important 19 features of this independent re-districting 20 commission which I will submit to you in the 21 coming weeks. Commissioner Joyner will 22 probably many of these features as they were in 23 her bill from the legislature. 8	represent half a million members and we are
9	pro-life and pro-family voters. I am here to
10	talk about Article 1, Section 23, an area that
11	seems to need needs to look at so that we
12	can correct something that has been done that
13	is against what it the original intent was.
14	And I don't want to repeat myself, I just want
15	to because I know a lot of people have
16	talked about it, but I just want to bring a few
17	things. And I have left this out with you so
18	you can read the the tool of what I'm
19	bringing. It is clear that the original intent
20	of the privacy clause was to protect its
21	citizens and residents of this country from
22	intrusion of the government into their
23	informational privacy. The right to privacy is
24	clearly about documentation, information, and

be spied on by the government. This is even 1 2 more urgent and others have talked about 3 because of the increase in technology how this 4 is now very prevalent and so easily done. 5 So -- but in 1989 our Florida Supreme Court 6 decided to falsely and capriciously interpret 7 Article 1, Section 23 to apply to abortion and 8 to open the door to allow minors without the 9 consent of their parents to have abortions. 10 This clearly undermines our democracy. The 11 deliberate intention of a few to subvert and 12 ignore the will of voters must be solved. Ι 13 escaped from a country that does just that. 14 MS. GAMEZ: Thank you. Is Neva Goller in 15 the room? Go ahead, Mr. Williams. 16 MR. WILLIAMS: Good evening, commission.

Ι 5 was kind of worried like all the way here 6 because I didn't know who was on this panel, 7 but when I saw Senator Smith and Senator 8 Joyner, my spirits lifted up. Restoration of 9 rights, something a lot of people talked about. But what is troubling to me is here in Florida 10 11 a lot of my people -- I say my people, I mean 12 the African American community, have a great 13 deal of trouble trying to get their rights. 14 When I register voters, and I registered 15 thousands of voters over of the years, the 16 first thing I get from my people is -- is I 17 can't get my rights back because I'm waiting on 18 the government. We have independent 19 commission. Politics needs to be out of this. 20 I mean, these people have served their time in 21 jail and they get out, they have bad enough it 22 is trying to get a job, but they can't get 23 their rights back. I mean, come on. We're 24 tired --25 MS. GAMEZ: Thank you. DOWNTOWN REPORTING, LLC. (954) 522-3376

8 MR. VELEZ: Mr. Chairman, members of the 9 commission. I am Roberto Velez with the 10 Christian Family Coalition of Florida. We 11 represent over 500,000 pro-life voters in the 12 state and we are here to address Article 1, 13 Section 22, privacy clause of the Florida State 14 Constitution. Although the original intent of 15 the privacy clause was to protect the people 16 from government surveillance, the courts have 17 misconstrued this article and have erroneously 18 applied it to the issue of abortion. And have 19 therefore tied the hands of the people and 20 their elected state representatives to enact 21 public policy addressing this crucial issue. 22 For example, the Florida state legislator 23 recently enacted a 24 hour waiting period 24 before an Abortion. This is a reasonable law 25 adopted by 27 other states and upheld by the DOWNTOWN REPORTING, LLC.

U.S. Supreme Court as constitutional. 1 However, due to the misinterpretations to the privacy 2 clause in our state Constitution, this bill 3 4 which has been approved by the state legislator 5 and signed by the governor has been upheld by 6 the state supreme court -- held up by the state 7 supreme court. We respectfully request that 8 you remedy this situation by allowing the 9 people of Florida to clarify in the state 10 Constitution that the privacy clause does not 11 address the issue of Abortion. Thank you. 12 MS. GAMEZ: Thank you. 13 MR. MALAGON-MARQUEZ: Mr. Chairman, 14 commissioners, my name is Jorge 15 Malagon-Marquez. I'm a professor of history and social science in U.S. Government at 16 17 Miami-Dade College and I am here representing 18 the Miami-Dade College Republicans. Thomas 19 Jefferson said that enlightened citizenry is 20 indispensable for the proper functioning of the 21 republic. MS. GAMEZ: Giancarlo Espinosa, Patricio Moreno, and Beatriz Martinez-Penalver.

10AUDIENCE: Can you repeat the names?11MS. GAMEZ: Giancarlo Espinosa, Patricio12Moreno, and Beatriz Martinez-Penalver.

13 MR. ESPINOSA: Hello, everyone. I'm Giancarlo Espinosa and I drove from Key West, 14 15 Florida, so I'm going to make this good. We need to stop preventing citizens of the United 16 17 States of America from participating in the 18 political process. People who have paid their 19 debt to society deserve their right to vote. 20 Everyone knows that a disproportionate number 21 of minorities are affected by this. This 22 clearly allowed the voting population to be 23 determined and undermined by racism. Florida 24 we need to stop preventing a population of our 25 citizens from expressing their political views. DOWNTOWN REPORTING, LLC.

(954) 522-3376

Yes, I'm talking about felons who have paid 1 2 their debt to society. We need to open the primaries in the State of Florida. 3 This is 4 about a third of voters never getting a chance 5 to get to vote for the candidate that they 6 like. If I ever ran for office, I would feel 7 truly guilty looking at people in the face and 8 telling them that you have to join one of the 9 two major political parties in order to ever 10 have better chances of seeing me on the general 11 ballots. Believe it or not, there's a very 12 good reason that people especially in this day 13 and age are not wanting to join one of your 14 political parties. We need to open the 15 primaries. We also appreciate that you're 16 taking time to meet with the public, but after 17 this tour we don't know what proposals you 18 intend to put forward. This reminds me a 19 little bit of the fair districts public 20 hearings where no maps were shows. We were 21 told that there were no maps, but we later 22 found out that the maps had already been drawn. 23 Will you have public hearings around the state 24 so we can comment after you have decided what 25 proposals you are considering? And can you DOWNTOWN REPORTING, LLC.

I'm a psychotherapist with 6 over 25 years of experience in mental health 7 and I'm here to propose that emotional literacy 8 becomes an integral part in education. Ι 9 always tell people that in the many of mental 10 health, I've never had a patient who came into 11 my office depressed because they forgot about 12 trigonometry from 9th grade, or anxious because 13 they don't remember who fought in World War I. 14 The reasons they come in depressed are other 15 reasons that we never teach in schools. 16 Depression, suicide is the 10th leading cause 17 of death in the general population and is the 18 third leading cause of death in children. 19 Substance abuse is another reason why they come 20 into my office. In the past 6 years, heroin 21 has become the -- the death of heroin causes 22 have quadrupled in the past 6 years. So we 23 have these horrendous statistics going on, and 24 we still do not integrate emotional literacy 25 into the school system. I think it's the right DOWNTOWN REPORTING, LLC. (954) 522-3376

for every child to know how to be happy. 1 In 2 Harvard in 2006 the class that was packed all 3 the time was a class on how to be happy. Ι 4 think it's right for us to teach children and 5 give them the skills to do that. I propose 6 that this commission will be the one to really 7 push humanity forward because I think that if 8 Florida becomes a state that will teach 9 emotional literacy that other ones will follow 10 and maybe other countries will follow, and I 11 really believe that this will be how we change 12 the world. Children are about 25 percent of 13 our population, but they are 100 percent of our 14 future. Thank you. 15 MS. GAMEZ: Patricio Moreno. Maria Nova, 16 Christine Florez, and Pastor A.D. Lenoir.

17 MS. MORENO: My name is Patricio Moreno 18 and I am here to ask you to restore, please, 19 the right to vote to citizens that have paid 20 their -- to society for their mistakes. It's 21 really, really important for more than half a 22 million Floridians that need to vote, need to voice their -- their rights. So thank you very 23 24 much.

much for being here. And I'd like to thank my 1 2 fellow Floridians for taking the time to come and speak with you today and participate in 3 4 this very important process. My name is 5 I am a resident of Miami Christine Florez. Beach and I am a voter. I'm very concerned 6 7 about our communities. And I agree with some 8 of the subjects that spoke today, was the 9 restoration of felon rights is very important, as well as maintaining a separation of church 10 11 and state. But I would like to speak to the 12 issue of home rule. I live in a county that is 13 going to be facing increasing issues along the 14 lines of sea level rise, income division, as 15 well as housing shortages. Home rule is one of 16 the ways that we can impact these pressing 17 social issues in our communities, but we are 18 being preempted on some of them by the state. 19 So I think that we should restore, and 20 maintain, and encourage even more so that local 21 communities particularly in South Florida which 22 is the most populous and one that is going to 23 impact the future of this state the most. We 24 should not delegate the responsibility to the 25 legislature which is heavily represented by the DOWNTOWN REPORTING, LLC. (954) 522-3376

northern part. And I'm denigrating them, but 1 2 they don't live in South Florida. They are not 3 facing the problems that we are facing in an urban center, highly educated, with sea level 4 5 rise, income divide, and other pressing social 6 issues that must be addressed by local 7 solutions that understand the problem and that 8 we can address them quickly, effectively, and 9 efficiently in terms of money. So we should not be preempted by other parts of the state 10 11 who may not understand what our problems are. 12 So I encourage and I -- in fact I encourage 13 very strongly that you support home rule in 14 allowing our local communities decide their 15 future. Thank you.

spectacular work in Florida in passing the fair district rules and I ask you not to change them because I think they're working. Florida is now a model in our state and in our country. Thank you very much.

6 MS. AUSTIN: Hi, my name is Lisa Austin. 7 Thank you for the opportunity to speak. I have 8 lived in Florida for 45 years, so I consider 9 myself a native. I've watched the state change drastically in that time, both for good and for 10 11 Despite our considerable growth and the bad. 12 influx of people form all over the globe, we 13 often still hold on to a very provincial world 14 view in our politics. Your job is immense. 15 You can chose to guide Florida to the next step 16 or to hold us hostage to a misquided nostalgia 17 and extremist political views. Florida will 18 only move backwards if extremism continues to 19 guide our legislative process. The people of 20 Florida have made it clear, they want fairness 21 and openness in government and that starts with 22 elections. We need to make it easier for 23 people to vote. We need online 24 registrations -- we need online registration 25 which exists in 34 states and saves money and DOWNTOWN REPORTING, LLC. (954) 522-3376

1	voter registration costs. We need open
2	primaries. We need to restore voting rights
3	for people who have served their time and
4	returned to their communities as law abiding
5	citizens. We need the continuing support for
6	fair voting districts. And ultimately we need
7	a drastic overhaul of our campaign finance
8	rules. The people of this state are unified by
9	one overriding concern, that special, powerful
10	interests and wealthy donors make the rules and
11	the will of the citizens are ignored. We see
12	it time and time again in the legislature which
13	is beholden to those who pay to play,
14	particularly with such powerful lobbies as the
15	NRA, FPL, and the sugar industry. There are
16	many ways to address campaign finance reform,
17	and many good citizens care about this, but it
18	should be at the very top of your list for
19	creating a fairer and equitable political
20	system for all Floridians. I'd like to think
21	this commission is truly independent and above
22	politics as usual. Maybe that's a fairy tale,
23	but I'd like to appeal to your better angels.
24	You have the ability to make this Constitution

1 all citizens. Please do so. 2 MR. TEHRANIAN: Good afternoon, 3 commission. My name is Farbod Tehranian. Ι have voted in every election since I've 4 5 registered at age 18 and one thing that's 6 always bothered me every election is the fact 7 that we live in a closed primary state. To me 8 that is a very anti-democratic system. And I'm 9 very grateful to say that I actually work for an organization called Progress For All that 10 11 actually recently conducted a statewide poll 12 with open primaries, a national leader on 13 election form, as well as Florida Fair and Open 14 Primaries, a grass roots organization dedicated 15 to enacting open primaries in Florida. So a couple of stats from this poll, which you guys 16 17 can check out at Progressforall.org if you want 18 some proof, 74 percent of Floridians want 19 independent voters, 74 percent. That's 27 20 percent of the Florida electorate. That's a 21 large chunk included in primary elections. And 22 73 percent of Floridians, now this includes 23 super majorities of republican, democrat, and 24 independent voters, want the Constitutional 25 Revision Commission, you guys, to put an open DOWNTOWN REPORTING, LLC. (954) 522-3376

primaries initiative before the voters. 1 That's 2 the people talking, that's not just me. Also, 73 percent of voters believe tax payers funded 3 4 primaries should be open to all voters. Now, 5 the parties have asserted that as private 6 associations they should determine who can and 7 cannot participate in primary elections. You 8 know, I could understand that argument, that's 9 a fair argument I'd say. But primary elections are paid for by Florida tax payers and 10 11 administered by state and local election 12 agencies, so that argument is null and void in 13 this state, okay. So, you know, I bring this 14 up because we just dealt with a crazy 2016 15 presidential primary election which drew claims 16 of a rigged, quote, unquote, process and sought 17 26 million independent voters across this 18 country, you know, and that includes 3.5 19 million Floridians that were unable to 20 participate in voting. That's not democracy 21 guys. We can do better than that. 22 MS. GAMEZ: Thank you. 23 MR. TEHRANIAN: And we should do better 24 than that. And really quick just to piggy back 25 on some other people --DOWNTOWN REPORTING, LLC. (954) 522-3376

5	MR. LENOIR: Good evening. I'm Pastor

18	MR. CAVROS: Good evening, commissioners.
19	Thank you for making the trip to South Florida.
20	My name is George Cavros. I'm a long time
21	South Florida resident. The population in
22	South Florida is about 6 million people,
23	between the 4 counties, it's one third of the

isn't enough to provide access to everybody to 1 2 come and talk to you, so I hope you'll revisit South Florida again before you make any 3 4 proposals public. I also want to echo calls 5 for open meetings and also open records. Now, 6 in the substantive nature, I'm here today 7 mostly to ask you to not to mess with the 8 judiciary. I'm asking you not to engage in 9 proposals that will pose judicial term limits. 10 There is no state of the union that imposes 11 judicial term limits. Florida will be the 12 The reason there are no states is first. 13 because it's a recipe for disaster. There --14 you will not be able to track brilliant legal 15 minds that have successful practices if they're 16 going to know that they're going to be booted off the bench in one or two terms. 17 You're 18 going to lose experienced judges just as those 19 good judges are getting ready to become great 20 judges. You're going to have inexperienced 21 judges in there which will lead to inconsistent 22 It will create a lot of confusion. decisions. 23 Our supreme court decides on life and death 24 decisions. independent judiciary. A term limits would be a punitive attack on the judiciary. They do not legislate. They apply the law to the past and made decisions. Sometimes the legislature doesn't like those decisions. That's fine. But don't be punitive and please do not put out a proposal that would impose term limits on our judiciary. Thank you.

9 MS. GARCIA: Hello. I'm Lottie Garcia. 10 I'm a Miami-Dade resident. And Miami I think 11 should be considered ground zero for climate 12 change effects. This is what I told my 13 daughter, if I die, sell the house. Article 2, Section 7 of the Florida Constitution loosely 14 addresses the protection of natural resources 15 16 and scenic beauty. We are the most vulnerable 17 state to sea level rise, but we are 26 in use 18 of solar energy. We spend 100,000 per day 19 buying fossil fuel from other states, but 20 ironically we are the sunshine state. So here 21 are several things or several suggestions: We 22 can put a price on carbon and share fees with 23 the citizens, we can mandate that energy 24 companies assist Floridians to reach goals for 25 renewable energy, tax incentives could help us DOWNTOWN REPORTING, LLC.

4	the Miami Herald had an article about how
5	that's they're trying to even make it more
6	difficult to mandate a hole to create

12	revive the Florida Sea Level Risk I mean,
13	Rise Task Force, basically we must prepare for
14	the inevitable sea rise. Thank you.
15	MS. GAMEZ: Juan Escano, Greg Bloom,
16	Alejandro Munoz-McKearney, and Carlos Morlaes.
17	MR. MUNOZ-MCKEARNEY: All right. Well,
18	thank you to Chair Beruff and to the
19	commissioners for allowing me the opportunity
20	to speak. My name is Alejandro
21	Munoz-McKearney. I'm a sophomore at FIU and
22	board member of Engage Miami. There are two
23	topics I would like to register my support for
24	in the event of any present or future amendment
25	initiatives.
	DOWNTOWN REPORTING, LLC.
	(954) 522-3376

Number one is not allowing the Florida legislator to increase their ability to preempt laws of cities across our state. I truly see city government as the most local means for citizens to engage with their government and enhance our communities socially, economically, and culturally, and should be given independence to support the interest of the

9 residents.

10Number two would be to eliminate voters11enfranchisement in any and all forms by12promoting digital voting and no longer leaving13the rights of felons on the side of the road by14not allowing them to vote. We need to make15civil liberties a thing again. Thank you.

16 Thank you, chairman and MR. BLOOM: 17 members of the commission. My name is Greq 18 Bloom. I'm speaking just a concerned Florida 19 resident. My earliest awareness of what it 20 means to be a Florida resident was 25 years ago 21 during Hurricane Andrew, that's when I learned 22 how vulnerable we are to the courses in our 23 environment. Many of my schoolmates' families 24 lost their homes and their livelihoods, and 25 after Andrew, my community in Pinecrest rallied DOWNTOWN REPORTING, LLC.

together to help people who lost those homes 1 2 and more, but we had and still have an unusually deep pool of resources at our 3 disposal and few neighborhoods are so lucky. 4 5 Millions of people in South Florida and across the state are much more vulnerable to the 6 7 effects of natural disaster and environmental disruption. Now, I know that we need 8 9 politicians in our state are, let's say, humble 10 about their lack of scientific expertise. 11 These politicians seem weary of committing to 12 any course of action that might protect Florida 13 residents from the potentially devastating 14 effects of climate change. I understand that 15 they may be subject to the interests of their 16 donors. Unfortunately our states Constitution 17 is subject to the will of the people. So I 18 think we can set aside questions of whether the 19 scientific consensus on climate change is total 20 or merely overwhelming. We can't predict the 21 future. But we can agree that all humans 22 deserve to live with dignity and respect, and 23 that in times of crisis, we are all dependents 24 upon the order presented by a competent and 25 responsive government. Therefore in DOWNTOWN REPORTING, LLC. (954) 522-3376

15	MR. ESPINAL: I'm going to do it in

17	name is Elkin Espinal and I'm a pastor in the
18	City of Miami. We represent 450 churches and
19	we're involved in Espinal. We represent a
20	community of principles and values and our
21	desire is that the privacy clause be changed to
22	it's original intention which was to take care
23	of the privacy of the citizens. From 1989 the
24	State of Florida has used it so that our minors

	DOWNTOWN REPORTING, LLC.
	(954) 522-3376

Our community and many who are here would not 1 like for daughters or our -- granddaughters to 2 abort without our consent. It's been something 3 very painful and we would like for the clause 4 5 to return to it's original intent. Thank you. 6 MR. CULVER: Hey, how's it going? My name 7 is Martin. I'm a junior here at FIU. I quess 8 I'd like to start off by saying I only learned 9 about this 48 hours ago which I think is kind 10 of ridiculous. I think we should have been 11 noticed -- notified a little earlier in 12 advance. A couple of things I'd like to talk 13 about. I guess I'll start with open primaries. 14 We're just 1 of 14 states that have closed 15 primaries. This past election, for example, 16 3.2 million registered independent voters in 17 Florida were barred from voting. That's a 18 quarter, that's 25 percent of the state's 19 registered voters which is kind of insane if 20 you ask me. 21 And, let's see. Oh, I quess let me then 22 talk about the ban on fracking. First and 23 foremost, we're destroying in environment, but 24 economically speaking it's not a very smart 25 thing to do either. We're the sunshine state DOWNTOWN REPORTING, LLC. (954) 522-3376

for God's sake, we should probably be promoting solar energy here.

And, I guess, on a last note just to balance out the pro-life, pro-choice debate we're having in here, as a man I don't think I should have a say in what women should do with their body.

8 MR. HO: Good evening. My name is Joshua 9 I'm a former Miami-Dade County Public Ho. Let me stop by saying I 19 love my country, I love my state of 35 years, 20 my county, and my students. And I know that 21 you all feel the same sentiments as I do. I'd 22 love to bring to your attention to Section 2 of 23 Article 1 of our Constitution. Good evening, commissioners. 14 MR. BRESLIN: 15 My name is Thomas Breslin. I'm a professor of 16 politics and international relations here at 17 FIU where I've taught for 40 years. I want to 18 urge you to maintain strongly the separation of 19 church and state that's present now in our 20 state Constitution, Article 1, Section 3. This 21 has served us very, very well for many, many 22 decades. And in this age of intense sectarian 23 conflict, and disagreement, concern about 24 differences in religion, it's going to be even 25 more important in the future and deserves DOWNTOWN REPORTING, LLC.

I'd also like to address something else which is very, very important as we try and provide a uniform high quality education in a state that's very much taxed from time to time by budget shortfalls and budget constrictions, and that is that we maintain a uniform high quality system. One system, a uniform system of education, public education throughout the state. Thank you very much for your attention.

12 MR. GUTIERREZ: Good evening. My name is 13 Nicolas Gutierrez. It's an honor to be here. 14 I appreciate this important forum. I'm here 15 representing today the so-called Finish the Job 16 Committee which consists of about over 60 water 17 experts, marine biologists, and other folks 18 that have been intimately involved in Florida's 19 water policy over the last several decades. Ι 20 myself served as chairman twice and was three 21 times appointed by Governor Jeb Bush to 22 represent Miami-Dade County to the South 23 Florida water management district's governing 24 board. And after that --8 all in South Florida, and after that I stayed 9 out -- and went back and started teaching in 10 community college because I love young people 11 and I love to work with them. I've spent a 12 lifetime with young people and I want to talk 13 to you about a glitch that I see in our voter 14 registration system. When my own children were 15 in high school, at the end of their government 16 class their teacher would register them to vote 17 and I thought that was a wonderful thing. It 18 was the culmination of their class. But now I 19 see that at Coral Shores High School the government teacher is not allowed to register 20 21 her students to vote even though she would 22 really like to. The only person in Monroe 23 County who can register students to vote is the 24 supervisor of elections who -- for 120 miles, 25 that's a long way to go to register students, DOWNTOWN REPORTING, LLC.

10	MS. CAVA: Good evening, commissioners.
11	Thank you very much for coming to South Florida
12	for this important occasion. I think it's very
13	aspiring to have so many members of the public
14	here today to speak about their concerns, and
15	every 20 years, that's very important, so I
16	thank you for your attention to everybody's
17	issues. And I'm here to speak briefly on four
18	matters. I'm the county commissioner for
19	district 8 which is South Dade, shared with
20	Commissioner Moss, district 9, and very, very
21	proud to be here.
22	First of all, basic rights of all
23	Floridians. Article 1, Section 2 on basic
24	rights says that all natural persons are people

Section 2 are in direct conflict with Section 27 which deprives certain Floridians the right to marry. Section 27 was also rendered unconstitutional and should be removed from our document. Additionally, all Floridians are citizens of the United States and should have the right to vote. Florida is only one of a handful of states that does not automatically restore voting rights to its citizen. And unsurprisingly, according to the -- charitable trust has the largest percentage of disenfranchised citizens in the entire nation.

13 The people of Florida should have the explicit right to a clean environment in which 14 15 to live and work. A right to clean air to breathe and clean water to drink should be a 16 17 basic right for all Floridians. And that we 18 should recognize that the waters of Florida 19 belong to the people of Florida and cannot be 20 owned by anyone but the state and local 21 governments.

22 That was my first point. My second point 23 is preservation of citizen's initiatives in the 24 Constitution. Besides those provisions in the 25 Florida Constitution found by the U.S. Supreme DOWNTOWN REPORTING, LLC.

Court to contradict -- or found by the supreme 1 2 court to contradict the U.S. Constitution any 3 amendments that were passed pursuant to the voters of the state should remain untouched. 4 5 MS. GAMEZ: Thank you. 6 MS. CAVA: My third point is preservation 7 of home rule of the Miami-Dade government. 8 I'll be very short. We have a home rule 9 charter, we have a charter reform commission. 10 We've asked for a member of the Dade delegation 11 to participate and we'd like it to be honored. 12 And finally, renewable energy requirements 13 and preserve the right to self generate. So 14 this has been found to be the law here through 15 the Constitution, but we're one of only 13 16 states --17 MS. GAMEZ: Thank you. 18 MS. CAVA: -- that doesn't have a 19 renewable energy goal. Thank you. I have 20 copies for you as well. Thank you. 21 MR. COPE: Hi, I'm Gerald Cope. I'm an 22 attorney in private practice in Miami, but 23 previously I was a judge in the Third District 24 Court of Appeals which actually is physically 25 located not far from here where I served for 22 DOWNTOWN REPORTING, LLC. years and I served as chief judge of that 1 2 court. My speculation is that sometime in the next year and a half this body will be asked to 3 4 consider a proposal to impose term limits on 5 I am here to tell you that based on my judges. 6 experience as a judge, I would urge you not to 7 adopt such a proposal. I have left with the 8 staff a letter which outlines my reasoning in 9 more detail thank I have time to give here, but quickly, four points. One, being a judge is a 10 11 profession like any other profession, and with 12 time and experience you learn the job better, 13 you do it better, you do it more effectively. 14 One of the term proposals that's been voiced is That would put judges in a 15 a 12 year term. 16 position where they're just hitting their 17 stride and they're out the door replaced with 18 someone who is a beginner. A corollary of 19 that, when you're trying to recruit judges 20 either to run or to be appointed, you would be 21 put in a position where you would be talking to 22 an attorney with a thriving practice with clientele saying, gee, we'd sure like for you 23 24 to run for judge or be appointed judge for this 25 temporary judicial position, you can close up DOWNTOWN REPORTING, LLC.

your practice, you can lose all your clients, 1 2 you go get to be a judge for 12 years or whatever the number is, and then you get to go 3 4 back to practice and start over again. It 5 would absolutely kill the ability to recruit 6 talented people. Third point, the most 7 important term limit provision is the ballot 8 Judges are up for election every 6 years. box. 9 It is the people's choice. If a judge is doing 10 a good job, it is the prerogative of the 11 citizens to keep them. If the judge is doing a 12 bad job, it is their prerogative to oust them. 13 And quickly, as a previously speaker said, no state in the United States does this. 14 There is a limited section for non-lawyer probate judges 15 16 in New Mexico. Apart from that exception, the 17 experience and the entire rest of the country 18 has no term limits for judges, even in states 19 that have term limits for the governor or term 20 limits for the legislature. list of counties across the state, I am pleased 1 2 to be here today and share a unified message. The sunshine state has 412 cities, towns, and 3 4 villages, each one different from the next. 5 But one thing all the cities have in common is 6 the commitment to the home rule as known as 7 local control. Preserving the home rule is a 8 top priority for the Florida League of Cities, 9 and the Miami-Dade League of Cities, and for the City of Miami Gardens, and for me 10 11 personally. As a local elected official I have 12 seen the importance of local government and 13 first hand experience of what it can do. In 14 the City of Miami Gardens we're a city of just 15 14 years old, and with being there, we've been 16 able to increase our economics, the health 17 culture in our -- in the community, and the 18 education. we can get started gain.

As mentioned before, I'm Commissioner Smith, former state senator from Broward County. I mention to say I will mess up a lot of your names, so please charge it to my head and not my heart. We're going to start with Danielle Goodman, then Teresa Enriquez, and Dr. Maria Peiro. Danielle Goodman, Teresa Enriquez, and Dr. Maria Peiro.

10 MS. GOODMAN: Good evening, commissioners. 11 I ask you to include a constitutional right to 12 vote in Florida and for that right to be 13 guaranteed and protected. I ask that felons 14 who have completed their sentence have their 15 voting rights restored unconditionally. I note that at least five commission members who would 16 17 be interested in private for-profit education 18 in some form and therefore want to stress that 19 we need a uniform, efficient, safe, secure and 20 high-quality public education system as 21 provided in Article 9. To ask for fair 22 redistricting standards and to defend the right 23 to privacy as it is currently set out. Thank 24 you. Danielle Goodman. 25

MS. ENRIQUEZ: Good evening. My name is DOWNTOWN REPORTING, LLC.

Teresa Enriquez. I'm the executive chief 1 2 assistant at the Miami-Dade Public Defender's I'm here on behalf of Carlos Martinez, 3 office. 4 our public defender who would have loved to be 5 here tonight addressing the CRC, but 6 unfortunately he's out of town. I am here to 7 ask this commission to put before Florida 8 voters an amendment removing the last two 9 sentences of Article 1, Section 12 of the 10 Florida Constitution. These sentences state 11 that the rights conferred by Section 12 must be 12 construed in conformity with the 4th amendment 13 to the United States Constitution as interpreted by the United States Supreme Court. 14 15 Articles or information obtained in violation 16 of this right shall not be admissible in evidence if such articles or information would 17 18 be inadmissible under the decisions of the 19 United States Supreme Court construing the 4th 20 amendment to the United States Constitution. 21 These two sentences minimize Florida's 22 independence in our federal structure by 23 preventing Florida from serving as a, quote, 24 laboratory democracy. This phrase point by 25 Supreme Court Justice Louis Brandeis recognizes DOWNTOWN REPORTING, LLC. (954) 522-3376

several great assets of our federal system. 1 Not all solutions can be applied nationally. 2 The sovereign states are and should be entitled 3 to test remedies to social -- on a local level. 4 5 And what is best for one region of the United 6 States is not necessarily best for others. 7 These powerful arguments in favor of federalism 8 are explicitly rejected by the last two 9 sentences of the Florida provision. Floridians have a strong history of opposition to 10 11 unreasonable and unnecessary government 12 intrusion in our daily lives. What works in 13 California, Montana, New York, or Washington 14 D.C. doesn't necessarily work here. We should 15 not limit our freedoms to the minimal standards 16 of the federal 4th amendment as told to us by 17 the U.S. Supreme Court. We should instead 18 proudly assert our independence and the right 19 to be our own masters. Thank you very much. 20 MR. SMITH: Thank you. We have Dr. Maria 21 Peiro, Charles Fischer, and Maria Luisa

23 MS. PEIRO: Good afternoon. Dr. Maria 24 Peiro. I am here to propose an amendment to 25 make e-verify mandatory in the State of

DOWNTOWN REPORTING, LLC.

(954) 522-3376

There is certainly a case to be made 1 Florida. 2 to have this amendment placed on our ballot. Consider these findings. About one in 5 3 4 Miami-Dade households lives in poverty. 5 Miami-Dade leads the pack nationally on the 6 poverty scale. Only about 40 percent of the 7 county's population earns enough to live 8 comfortably. And about 149,000 children lived 9 in poverty in Miami-Dade in 2013. The before mentioned findings are pertinent to our 10 11 amendment because low wages, unemployment, and poverty in Miami-Dade are directly product to 12 13 the law of supply and demand. There is a 14 direct link to the large influx of illegal labor as the cost for wage depression and 15 16 unemployment. The group most negatively affected by illegal labor are low skilled 17 18 workers, and many of whom who are Black or 19 Hispanic, and many of whom are -- legal 20 It also drives up welfare and immigrants. 21 Medicaid numbers, and the tax payer is left to 22 foot the bill for more social services. 23 Mandatory e-verify will help improve job 24 opportunities and wages for the legal residents 25 of Florida by screening illegal workers out of DOWNTOWN REPORTING, LLC. (954) 522-3376

our workforce. As a summary of our amendment 1 2 reads, effective on July of the year following passage of this amendment by the voters, all 3 Florida employers who hold business licenses 4 5 shall verify the employment eligibility of all 6 new employees to the U.S. Department of 7 Homeland Security's e-verify system. Our 8 proposed e-verify amendment has already been 9 approved by the State of Florida. The format 10 and the wording has already been approved. As 11 you travel throughout our state, you will hear 12 from other citizens in other parts of Florida 13 who support our e-verify amendment. It is my hope that you will seriously consider placing 14 15 this work -- amendment on the 2018 ballot --16 MR. SMITH: Thank you. 17 MS. PEIRO: -- and finally give the voters 18 of Florida an opportunity to decide. I left 19 hard copies of the amendment for you up front. 20 Thank you. 21 MR. SMITH: Thank you. 22 MR. 2 One, repeating my support for the automatic voting -- restoration of voting 3 rights for people who have previously been convicted of felonies. And an interesting data 6 point on that is 25 percent of all adults in 7 this country who are not able to vote live in 8 the State of Florida. It's a -- black mark on 9 our democracy.

Two, I'm strongly support of strengthening our -- voting districts in Florida. That is -a lot of people have said that already.

13 And a third point which is -- all right, it's a little off the wall, but in Miami-Dade 14 15 County we do -- we have run off voting which 16 prevents people from getting elected with the 17 minority support. It also is the way people 18 vote in Louisiana. And just in 2016 the State 19 of Maine decided to switch their voting to 20 instant run off voting as well. So instant run 21 off voting prevents any -- winning without 22 receiving majority support in the polls. So no 23 ones is going to win with 40 percent vote. You 24 can get -- basically you'd have to get forward 25 of 50 percent. It encourages candidates to DOWNTOWN REPORTING, LLC.

adopt positions outside of the political party 1 2 which reduces partisanship. I think that's a 3 position across the entire state and across the 4 political spectrum. And most importantly, it 5 shows that it reduces -- or it increases voting 6 participation by the general public. So again, 7 it's the future of voting. It's how Maine is 8 doing it now as of last year. The State of 9 Louisiana does a little bit slower version of 10 And here in Miami-Dade we have run off it. 11 voting as well. So I ask you guys to consider 12 and support instant run off elections to make 13 Florida a leader in the electoral process and 14 not where we are today. Thank you. 15 MR. SMITH: We have Maria Castellanos, 16 followed by Claudia D. Pedra (phonetic) -- I'm

sorry, I couldn't read that -- Claudia Southwest 124th Street, and Robert Horton.

19 MS. CASTELLANOS: Hi. Mr. Chairman and 20 commissioners, my name is Maria Luisa 21 Castellanos and I've lived in Miami-Dade County 22 for the last 41 years. Georgia and then I went to Georgia Tech. 1 I'm a 2 practicing architect and adjunct professor at Miami-Dade College. And I tell you all this 3 4 because I think public education is so 5 important. My parents paid for private 6 catholic schools in high school. We lived in 7 Macon and not in Cochran, Georgia so that so 8 that I could go to this catholic school. But I 9 think it's really, really important that we 10 preserve our public school system. We cannot 11 afford to drain the money that goes to the 12 public schools and public colleges and instead 13 give it to charter schools and to other for 14 profit schools or any other school, any 15 catholic school or denominational school 16 because honestly all those different schools I 17 went to, I was always a top student. But why 18 was I top student? Because my parents cared. 19 In my house there was magazines, and books, and 20 all kinds of stuff. So that is really the 21 important thing. It's -- that the children 22 have access to other resources, not to put them 23 in a different school. If they want to do 24 that, if the parents want to put their children 25 in a catholic school, fine, let them pay for DOWNTOWN REPORTING, LLC. (954) 522-3376

it, but we cannot not afford to take the money 1 2 away from the public school system. Two more things. I just want to say 3 quickly that I really think that we need to 4 5 preserve home rule. And that we also need to 6 have the independent redistricting commission 7 for fair housing -- for fair voting districts. 8 I think that's very important. Thank you. 9 Thank you. We have Patrick MR. SMITH: 10 Jovanov and --11 MR. HORTON: Yes, hello. Good night -- or 12 good evening, excuse me. My name is Robert 13 Horton. I'm 47 years old, I'm a husband and a 14 father of 3 daughters. I got two points 15 tonight. 16 The first one is about the Abortion issue 17 for minors. If one of my daughters came to me 18 at any time and said, you know, daddy, I'm 19 pregnant, that alone is bad enough. But then 20 to come home one evening and find out my 21 daughter just had an Abortion and I don't know 22 anything about it, my wife doesn't know 23 anything about it, that would crush us, 24 completely crush us. So I believe that 25 resolution is whatever it may be. It needs to DOWNTOWN REPORTING, LLC. (954) 522-3376

change, okay. The parents need to know what 1 2 our children are going through and be part of that and have a say so in their lives. 3 **A11** 4 right, that's the first one. 5 The second thing, I am Miami-Dade County 6 I work at MIA, Miami International worker. 7 Airport. I'm a hydraulic mechanic and also I 8 am part of the union. Now, I probably 9 represent millions of union workers here in the 10 State of Florida. We are high quality 11 technicians, electricians, whatever type of job 12 that is done by county workers, whether it be 13 the airport, the seaport, teachers, our 14 firemen, our policemen. We work at these jobs 15 for the benefits of collective bargaining, 16 If it wasn't for collective bargaining, okay. 17 our employers could fire us at any minute, they 18 could take away all of our benefits that we 19 enjoy, that we raise our children on, that we 20 have a pension. We have benefits that when we 21 retire, we can retire comfortably, not 22 extravagant. We're just asking for a civil 23 type of retirement when we get to that age. 24 But without collective bargaining, and I've 25 seen it, I have friends, I have family who work DOWNTOWN REPORTING, LLC. (954) 522-3376

jobs that there is no collective bargaining and 1 they walk on eggshells every single day of 2 their life when they go to work. They don't 3 4 know if they're going to have a vacation, if 5 they're going to have a sick day, if they can 6 have, you know, any type of job the next day 7 without collective bargaining. So that's why 8 it's so important in the State of Florida to 9 maintain it.

MR. SMITH: Thank you, sir. We have
Patrick Jovanov, Dwight -- Senator Dwight
Bullard, and Brett Rothfield.

13 MR. JOVANOV: Patrick Jovanov, Pompano 14 Beach, Florida. Florida is number 1 for 15 incarcerated children on death row. Florida has over 400 death row inmates who were 16 17 children when they were convicted. The 18 overwhelming cause of these horrific acts and 19 events are intentional and deliberate 20 government policies. Deliberate policies to 21 deny and deprive children of education and 22 social development. Deliberate policies to 23 alienate parents, deprive children of available 24 instructional material. In 1974 at Pompano 25 Beach High School I had to steal my books. Ι DOWNTOWN REPORTING, LLC.

had to sign for the books. Books that my 1 2 school administrators threw away into the garbage before I could get to them. 3 Today in 2017 in Pompano Beach nothing has changed. 4 Mv 5 children and thousands of other children in Pompano are still denied and deprived of 6 7 available material. Florida is number 40 in 8 per child school spending. According to 9 Superintendent Carvalho, the U.S. is number 27 10 in academic standing. I ask this commission to 11 examine child abuse in Florida. Thank you 12 kindly.

MR. SMITH: Thank you.

14 MR. BULLARD: Former state Senator Dwight 15 Bullard. Good to see a few of my former 16 colleagues up there as well. Simply put, is 17 that accurate a little weird being on this side 18 of this mic in the sense that you really get to 19 see the level of bias as it pertains to 20 education. And I hate to be that guy, but I'm 21 going to be that guy for the moment. We currently reside in a country whose 1 2 executive leadership was not elected by a 3 majority and a whose legislative majority party 4 did not receive the majority of the votes. 5 It's upside down. It's a perversion of 6 democracy because we allow our politicians to 7 chose their voters, rather than having the 8 voters chose the politicians. Cliche, but 9 Florida has our fair district rules true. which encourage better districting. We all owe 10 11 an incredible debt to the League of Women of Voters for carrying their crusade all the way 12 13 to the Florida Supreme Court and winning the 14 battle for our state's citizens. The good is 15 the enemy of great, and in this case the rules 16 on the books are good. As we have seen the 17 process the League of Women Voters went through 18 was costly and arduous, we cannot fight that 19 fight again, much less continue to fight the 20 fight on a continuous basis. We shouldn't need 21 to rely on organizations as wonderful as the 22 League of Women Voters fighting this battle for 23 the judicial branch. Additionally we saw the 24 response of the legislature who past SB 352. 25 This law was no more than a public chastising DOWNTOWN REPORTING, LLC.

of the judicial branch. And not only did it 1 2 clear the unruliness of the legislature who adhere to the principles of fair districting, 3 but also created genuine hurdles which could 4 5 very well prevent this process from being 6 successful in the future. I never complain 7 without offering a solution, and I believe that 8 an independent redistricting committee is the 9 answer that we need. We cannot be legislators 10 versus citizens or legislators versus the 11 judiciary. I do not blame legislators for 12 trying to keep their jobs, but we must create a 13 new independent and non-partisan committee to 14 draw registered lines. There are currently 21 15 states already using independent redistricting 16 committees. They're all seeing success in 17 making elections more competitive and 18 legislative bodies that are more representative 19 and accountable to their citizens. I'm 20 thankful to live in a state that is already on 21 the right path -- fair districting rules in the 22 Constitution, but ask that we not rest on 23 our -- or fall behind in the cause. We must 24 continue to lead and push for even better rules 25 to guarantee that all of my fellow Floridians DOWNTOWN REPORTING, LLC.

are fairly represented in our districts. We can do this by ensuring an independent and non-partisan redistricting committee. Thank you.

MR. SMITH: Thank you. We have Stephen Bittel, Juan Carlos Porras, and Bleston Wright.

7 MR. BITTEL: Thank you members of the 8 commission for giving me this opportunity to 9 speak. My name is Stephen Bittel. I am the 10 chairman of the Florida Democratic Party. I'm 11 also a native of Miami and a product of our 12 public schools in Miami years 1 through 12. 13 I'm here to ask you to consider the abolishment 14 by constitutional amendment of the death 15 This is a historic and barbaric penalty. 16 punishment that every study ever done has shown that it has 0 deterrent value, that it prevents 17 18 families from getting closure on their deep 19 emotional rulings associated with the crime. 20 The implementation of the death penalty 21 typically takes 20 to 30 years if ever at all 22 versus a life sentence with no possibility for 23 parole. We'll save our criminal justice system 24 a fortune, reducing the burden to our society, 25 as well as providing immediate closure. We DOWNTOWN REPORTING, LLC. (954) 522-3376

have all read articles over our lifetime of 1 someone incarcerated for 20 or 30 years and we 2 3 later learn that new evidence comes out that 4 shows they are not guilty. Who are we as a 5 society as Floridians or as Americans to take someone else's life? We are better than that. 6 7 And you are in a unique position to abolish 8 this once and for all and bring us into the modern era as so many states have done before 9 10 Thank you. us.

MR. SMITH: Thank you. We have Juan
Carlos Porras, Bleston Wright, and Tom
Terwalliger.

Good afternoon, ladies and 14 MR. PORRAS: 15 gentlemen of the commission. My name is Juan 16 Carlos Porras. And I am a direct impact of charter schools and school choice. 17 I am now a 18 sophomore here at FIU and I am now the chairman 19 for the FIU College Republicans here on campus. 20 Now, coming from a low income household, I know 21 firsthand what it is to struggle through a 22 professionally failing public school. And if it wasn't for my parents, you know, instilling 23 24 the will in me and putting me into a charter, I 25 wouldn't know where I would be today. So I DOWNTOWN REPORTING, LLC.

(954) 522-3376

would just like to ask the commission to, you 1 2 know, keep charter schools. Now, we're not asking to defunct public schools, not 3 4 whatsoever. We simply want to have the choice 5 to have our students even go to a public school 6 or have the choice go to a charter school. 7 Now, another point I wanted to touch on was 8 class size. The Florida Constitution has a 9 part where it says there could merely be a 10 class of 18 for a certain school level. Now, 11 I'm not sure where that number was based upon. 12 I'm not sure why each class number of 18 would 13 excel more than a class of 19, so I ask the 14 commission to review that part of the 15 Constitution. And I just wanted to let 16 everyone know that school choice is here to 17 stay and we should let the parents and teachers 18 in our community know what's best for the 19 education of our children. Thank you. 20 MR. SMITH: Thank you. Bleston Wright, 21 Tom Terwalliger, and Ollie Lee Taylor. MR. WRIGHT: Hello and good evening, my 22 23 name is Bleston Wright. I wanted to first 24 thank you for being here. I know it's pretty 25 far for some of you. I came here to initially DOWNTOWN REPORTING, LLC.

speak about one issue and during the course of 1 this proceeding, I actually brought three 2 3 things I want to talk about. 4 The first thing is 20 years before we can 5 do this. There's got to be a way that we can 6 make this a little bit shorter than that, I 7 mean, like 10, maybe 5 years. That doesn't 8 make any sense. 9 The second thing I wanted to talk about is 10 the primaries, the open primaries. I want to 11 see if there was a way that we can add this to 12 the Constitution where independents like me 13 would have the ability to vote for people that 14 may not necessarily be in the -- a particular 15 party or whatever. 16 The third thing that I wanted to talk 17 about is the felony or felony 18 disenfranchisement for the State of Florida 19 which I think is completely ridiculous. I can 20 say personally that I have been very lucky as a 21 child. I had made a mistake and luckily I got 22 in front of the right judge and they allowed me 23 to rectify that. There are a lot more 24 Americans who do not have that ability and, you 25 know -- I live in Homestead. I've been here --DOWNTOWN REPORTING, LLC. (954) 522-3376

I've been in Florida since 1989 and I could say 1 2 that had I not had the chance that I had, I would not be where I am. And I don't think 3 that it's right to lock people up and not give 4 5 them -- I mean, you already have a strike on 6 your record once you have a felony. It doesn't 7 make any sense to push that any further and to 8 say that you can't vote and you can't do 9 anything else about it. So thank you very much 10 for your time. Have a good evening. 11 Thank you. Tom Walliger. MR. SMITH: 12 Thank you. And you got it MR. WALLIGER: 13 My name is Tom Walliger. right. I'm from 14 Pompano Beach, Florida. The American's for 15 Disability Act is not, again, I say, is not an 16 enumerated power of the U.S. Constitution. 17 Regulations of persons with disabilities not 18 being an enumerated power falls to the state. 19 It is the state's right and duty. The Florida 20 Constitution must reaffirm its claim of state's 21 rights and sovereignty and supercede the 22 Federal Americans for Disability Act. This 23 action will allow Florida counties and cities 24 zoning, planning, and code enforcement over 25 sober homes with reasonable regulation and DOWNTOWN REPORTING, LLC. (954) 522-3376

protecting the local neighborhoods and protecting the disabled person's in those Sober homes are a major problem in homes. Florida. Many claim they are exempt from all Florida law because they are regulated by the Americans for Disability Act under the U.S. federal government. I ask this commission to please realize the Florida Constitution is in -- is in fact the superceding power because it is not an enumerated power for the Americans for Disability Act. Please stand up as a commission, reaffirm the fact that Florida has a right to regulate sober homes, protect its

citizens, and maintain its constitutional 14 15 authority. Thank you.

16 MR. SMITH: We have Ollie Lee Taylor, 17 Andrea Reategui, and Juan Igorzabol.

18 MR. TAYLOR: This is Ollie Lee Taylor. 19 Good evening. I wold like the Constitution 20 Revision Commission to consider setting up an 21 independent commission with districting the 22 U.S. House of Representatives, and the Florida Senate, and the Florida House effective 2022 23 24 after the 2020 census. Also, it -- it needs to 25 be set up in a way that the current legislators DOWNTOWN REPORTING, LLC.

(954) 522-3376

can -- as it -- committee. It should be truly 1 2 done in that matter. Voter registrations and 3 access to the suffrage should -- restrictions 4 on that should be lowered. That means 5 automatic return of voting rights once felons 6 have completed their sentences. Also, I would 7 like for -- to cut off registration access to 8 the books 10 days before the elections instead 9 of the current 29 to 30 days we have. Let's 10 move it back to 10 days. Other states have 11 successfully done that, including the very 12 large complex state of California, so I'm sure 13 if they already have it. What the elect -- in 14 advance means we have today we can keep 15 accurate record keeping that moves towards 16 doing that as well. Also, I would like to have restrictions on trust funds and restrictive 17 18 funds. I would like them to be in prohibitions 19 that they cannot be subverted. In other words, 20 if voters and -- amendments provided funds for 21 the Everglades, of various aspects of housing, 22 that the money for that purpose be used for 23 that purpose. It shouldn't be subverted of the 24 programs undermine going around. The 25 legislature shouldn't have power to go around DOWNTOWN REPORTING, LLC. (954) 522-3376

and subvert this, that this -- voted and it was 1 2 understood what this would cost in terms with That's something that the voters 3 the budget. 4 who did it, they need to understand what it 5 costs in the budget and be well prepared to pay 6 the taxes and fees as a result of this. Ι 7 would like those things enacted and put into 8 place. Thank you very much. 9 Thank you. We have Andrea, we MR. SMITH: 10 have Juan, and then Lai Eng. 11 MS. REATEGUI: Good evening --12 MR. SMITH: Could you step close to the 13 mic and pull it down a little? 14 MS. REATEGUI: Sorry -- before -- my heart 15 right now. So I'm just a concerned Florida 16 citizen. I'm going to blast through a lot of 17 this because you guys I'm sure have heard from 18 many people the same thing over and over. So 19 one of the things I would like to take into --20 I only heard about this 3 days ago. So there's 21 a way to -- I'm sure there is -- to publicize 22 this a lot better the next time it comes 23 around, you know, since it's only once every 20 24 years, that would be fantastic. 25 Closed primaries, I love them open. I am DOWNTOWN REPORTING, LLC. (954) 522-3376

not democratic nor republican, so I can never vote in them and it really bothers me that I cannot vote in them.

4 I used to be a teacher. I stopped being a 5 teacher because I could not handle the class 6 They do say that you have to have an sizes. 7 average of certain number of students, but I 8 would have one class where it was honors and I 9 would have very, very small class sizes under 20 children, and then the next class would be a 10 11 regular class and I'd have over 30 children in 12 that class. I can't do that. Stopped being a 13 teacher, became a photographer.

14 My study though is marine biology, so this 15 next point touches very close to home. I was born and raised in Miami and I've worked in the 16 17 Everglades as research for a research company 18 and I'd be three hours into the Everglades on 19 an airboat or by a helicopter and I'd come 20 across a plastic grocery bag. If we could work 21 on banning plastic grocery bags, that would 22 also be amazing. The main reason for that is 23 they end up in the ocean, turtles eat them 24 confusing them for their main pray, jellyfish. 25 And the last point is solar power. In the DOWNTOWN REPORTING, LLC. any say in putting solar power, especially when 4 5 their interest is not in that. They may be 6 wanting to do something now, but they are only 7 making it more difficult for companies who want 8 to finance solar electric equipment to someone 9 else who would like to have it on their own home or a company who would like have it. 10 If 11 we can make that more open to Florida citizens, 12 that would be great.

MR. SMITH: Thank you so much. Before -I just want to go again, Brett Rothfield -Brett Rothfield and Claudia who lives on
Southwest 124th Street -- okay. Go ahead, sir.

17 MR. IGORZABOL: Hello, my name is Juan 18 Igorzabol. I am a student at FIU, and even 19 though I was born in Argentina, I was raised 20 most of my life in Miami and consider myself an 21 American. I agree with past speakers that we 22 should allow a felon to be able to -- to have 23 their right to vote. I wanted to be able to 24 talk more about the issue. Number 1, the 25 government has to affirm our right, not give us DOWNTOWN REPORTING, LLC.

(954) 522-3376

This is why I agree with the 1 our rights. Miami-Dade history professor that we should be 2 aware of what the history of the United States 3 4 and government we have. In the Declaration of 5 Independence Thomas Jefferson said that we hold 6 these truths to be self-evident, all men are 7 created equal, that they are endowed by their 8 Creator with a certain unalienable right, that 9 among these are life, liberty, and the pursuit 10 of happiness. This is a key issue that our 11 founding fathers supported this in case of any 12 tyranny from the government. Which is why if I 13 go on Twitter and disagree with President Trump, I will not get my First Amendment 14 15 The same has to be able to account removed. 16 people who even -- committed felonies. For 17 example, I've been working -- I worked in many 18 churches and I've seen that many pastors even 19 have cleaned up, have a good life that they 20 can't be able to vote, and I find this to be 21 extremely unconstitutional. The second issue 22 about the giving felons the right to vote is 23 about racism. Even though 10 percent of felons 24 live in Florida, 1 out of 4 people who are 25 African American in Florida can't be able to DOWNTOWN REPORTING, LLC.

(954) 522-3376

Because of the felony charges 1 vote. Why? 2 that -- to face. And so this will keep 3 continue over and over again because they don't 4 have a voice about their issues. And lastly, a 5 big problem that I see is that this issues 6 seems to be very polarizing. I don't 7 understand it at all. I'm also part of the 8 College Republicans Club -- many republicans as 9 most conservatives supported these things. The 10 history of the republican party was found upon 11 the idea that we should be able to allow people 12 to have certain alienable rights. The founder 13 of the tea party, for example, Ron Paul also 14 supported this because he was skeptical of 15 government intervention in our lives. And even 16 though people might say that giving felons the 17 right to be able to vote is some sort of 18 extremism, this is one of my favorite quotes 19 from Barry Goldwater, the founder of 20 conservatism, extremism in the defense of 21 liberty is no vice, and moderation in the 22 pursuit of justice is no virtue.

23 MR. SMITH: Thank you, sir. We have Lai 24 Eng, we have Victoria, several, and then Don 25 March.

(954) 522-3376

1 MS. ENG: Good evening. Thank you, chairman, and thank you, commissioners. 2 Mv name is Lai Eng. I am a FIU student, I'm a 3 4 sophomore, and I'm also student leader and 5 activist on campus and in my community. First 6 off, I would like to say that my parents 7 immigrated from China to the United States 8 almost 50 years ago, and I was born and raised 9 here in Miami, Florida. So all of the alien 10 land laws are now unconstitutional under 11 federal law, but they should be repealed; and I 12 am speaking about Section 2, Article 1 in the Florida Constitution. So in 1913 California 13 was the first to adapt the alien land law which 14 15 banned foreigners to become ineligible for 16 citizenship, to own or purchase any land or 17 property based on their ethnicity. And so in 18 1926 Florida adapted the alien land law into 19 its Constitution. After the election in 2008 20 Florida is still the only state to have a 21 Constitution -- of racial and discriminatory 22 language in the book, and a rule allowing 23 legislators to ban each of the immigrants from 24 owning land. On behalf of half a million 25 Asians in Florida, we ask you to remove the DOWNTOWN REPORTING, LLC. (954) 522-3376

following in the Section 2, Article 1: Except 1 2 that the ownership inheritance, disposition, and possession of real property by aliens 3 ineligible for citizenship may be regulated or 4 5 prohibited by law. Let's be honest here, So why does 6 discrimination is discrimination. 7 Florida's Constitution still allow the state to 8 prohibit foreign citizens from owning real estate? It is blatantly racist and we are in 9 the 21st Century. This article -- this 10 11 statement in Article 1 is no longer necessary, 12 and it is not in accordance with federal law.

13 Also, if we want to talk about fewer 14 abortions occurring, the answer isn't blaming 15 women or shutting down health centers, the 16 answer is reformed sexual education that is 17 scientifically accurate, scientifically 18 accurate and inclusive of all people. Thank 19 you.

officer -- divisional chief responsible for 1 2 some serious investigations in this community. I'm here on behalf of my grandchildren. 3 I got short notice on this. I've read this 4 5 Constitution and I hope that throughout your 6 deliberations you're mindful of the preamble 7 where it says, to ensure domestic tranquility, 8 maintain public order, and guarantee equal, 9 civil, and political rights to all. There's a 10 reason why we have our Constitution. It's a 11 important document. I've been listening to the 12 presentations. I wholly subscribe to the 13 restoration of rights. As a former police 14 officer, I believe people that go to prison and 15 do their time, have been adjudicated guilty, when they come back, we need to do whatever we 16 17 can to make them functioning, contributing 18 members of society.

19 Anything -- before you on behalf of this 20 planet and our environment, especially with 21 some of the comments that other speakers have 22 mentioned about solar power, I would encourage 23 We are a threatened state, we are a you. 24 threatened planet -- sit back in your 25 deliberations and think about what's best for DOWNTOWN REPORTING, LLC. all of us, and not people who would encourage 1 2 you to vote a certain way. Terms limits for judges. Experienced 3 4 judges are important. I've had a lot of 5 experience with them. The older the judge, the 6 They're more economical, they know better. 7 what's going on, you know what to expect from 8 them, they move -- it's not only cost 9 effective, but they tend -- the manner in which 10 they conduct their business, it's -- for me, 11 from my personal experience, it's almost always 12 better than somebody that's new in the game 13 trying to get his or her feet wet and steps on the landmines that all of us do when we start 14 15 something new. I think it's an arbitrary 16 effort to seize control of the judiciary, 17 having already obtained the governorship and 18 the legislature is -- it's anti checks and 19 balances. 20 Thank you, Mr. March. MR. SMITH: 21 MR. MARCH: Thank you. 22 Now, before our last speaker, MR. SMITH: 23 Mr. Garcia, I'm going to call one more time, 24 Brett Rothfield or Claudia. 25 MR. GARCIA: Thank you. Jatniel Garcia, J-A-T-N-I-E-L, Garcia. 1 9,000. 2 That's the number that nationally Florida lags in paying its teachers, \$9,000. I'm going to 3 give that a second. We do not pay our public 4 5 teachers -- our public school teachers. We're 6 \$9,000 behind the national average. Now, 7 Article 1, Section 6 under right to work, the 8 last line, public employees shall not have the 9 right to strike. I want this removed. I think 10 public teachers want this removed. If we 11 can't -- if public education teachers cannot 12 strike, they will never bridge that gap. 13 Cafeteria workers, janitors, fundamental employees in providing our children education 14 15 that they need. The whole -- not just in the 16 classroom make below poverty level money in 17 some occasions. So remember that number, 18 \$9,000, that's what we're paying our teachers. 19 Do we value our children's lives? Do we value 20 our children's education? We've spoken a lot 21 here about education today, but if we're not 22 willing to pay our teachers, we're not willing 23 to pay the people who support our teachers, 24 then we're showing by action what we really 25 stand for. \$9,000.
